## Grace an extention of a dispensation

Many years ago in South Africa I was teaching a bible study on the text that we are dealing with this morning. We had a greek guy in this bible study.

Although he was not saved as his wife was, he attended that evening because it was at his home. Yanis had with him an ordinary daily greek Bible and I asked if he could read and try to explain what these verses were trying to say. He read Ephesians 3:1-9 in the greek bible and explained to us in broken english. "It is like something hidden in the depth of the ocean..... It is like a wine bottle with a cork in it lying in the depth of th ocean..... Nobody could see it. But suddenly that cork shoots loose from the bottle and it races to the top of the ocean for all to see."

How wonderful to see someone see these truths by just a casual reading of the Bible, specially by someone who did not

even understand the whole message of Grace. By just reading the words here in Ephesians he could see that this message of Grace that Paul preached was hidden in previous generations and was now being revealed through his writings. In

other words it was a mystery. You cannot separate the words Grace, Dispensation and Mystery when you are dealing with this subject.

Enjoy the service today.

*Pastor Phillip*
